## 01 VIEWING PLATFORM

The summit lift will carry you to the highest viewing platform in the Alps, at 3,883 metres above sea level. The 360° panorama opens up to give views encompassing 38 four-thousanders and 14 Alpine glaciers. As well as serving as a viewpoint with breath-taking long-distance visibility all the way to Mont Blanc, the platform is also a place of romance: couples pledge themselves to each other with symbolic love locks they have carried all the way up to the altitude of almost 4,000 metres.

## 03 GLACIER PALACE

Glittering ice crystals and shimmering ice sculptures cast their spell over visitors to the glacier palace. A lift takes you 15 metres below the surface to a fairy-tale palace in the heart of the **eternal ice**. Walk through a glacier crevasse or try out the ice slide, before making yourself comfortable on an ice bench covered with cosy furs. For small and big explorers alike.

## 05 CRYSTAL RIDE

There's even greater luxury to be found in four of the 25 cabins – embellished by thousands of Swarovski crystals, they glitter like fresh snow in the sunlight. During the journey to the highest mountain station in Europe, the four special "Crystal Ride" cabins reveal their spectacular view. Three minutes into the journey, at a height of 170 metres above the ground, the previously opaque **glass floor** clears in a matter of seconds to offer a dramatic view down onto the glacier landscape below. So, keep your camera handy and a grip on your nerves!

## 07 AUDIO INFORMATION SYSTEM

The gondolas and cable cars that connect Zermatt and the Matterhorn glacier paradise are equipped with an instructive audio information system. The information is available in ten languages: English, French, German, Italian, Spanish, Japanese, Chinese, Korean, Thai and Russian. As you enjoy the views, you can learn many **interesting facts** about the sights you pass and the history of Zermatt and tourism in the Alps.

## 02 CINEMA LOUNGE

The modern Cinema Lounge in the Breithorn Tunnel provides untarnished entertainment for film buffs, presenting **fascinating footage** on the subjects of alpinism, the alpine world, and the flora and fauna, lifts and railways of the Zermatt region. It's the perfect way to get in the mood to enjoy the stunning views at 3,883 metres above sea level or a great activity for a rainy afternoon. Admission to the Cinema Lounge is free of charge.

## 04 RESTAURANT & PEAK-SHOP

Good for body, soul and environment: the **sustainable restaurant** with **Minergie-P** low-energy rating and the adjoining Peak Shop at almost 4,000 metres are always well worth a visit. Large panoramic windows offer a magnificent high-alpine vista as a backdrop to the culinary delights within. Our new Peak Shop offers a range of specialities and some unusual souvenirs. Treat yourself or give someone a very special gift – a real piece of Zermatt!

## 06 SNOW- TUBING

Snow tubing: sliding down the slopes in inflatable rubber doughnuts – it's superb fun for young and old! Pick up your **free** snow tube and off you go! Our snow tube slope for the summer season at Matterhorn Glacier Paradise is at an altitude of 3,883 metres.

## 08 365 DAYS OF SKIING

Do you thought the mountains were taken over by hikers in the summer? Think again! In Europe's **highest and biggest glacier ski area** you can ski to your heart's content even in the summer season. In Zermatt hikers and skiers just share the mountains, it's as simple as that. Between Trockener Steg station at 2,929 metres and the Gobba di Rollin, the highest point on the Breithorn plateau at 3,899 metres, lies the summer ski area with up to 21 kilometres of slopes.
