

MATTERHORN ALPINE CROSSING

A FASCINATING JOURNEY AROUND THE MATTERHORN

From vision to reality. After years of groundbreaking work, the vision of an all-season link between the world-class resort of Zermatt in Switzerland and the Italian village of Breuil-Cervinia has become a reality. Surrounded by a breathtaking Alpine panorama, the fantastic route offers a thrill-packed ride. Passengers ride in cabins luxuriously fitted out for maximum comfort.

The crossing is an experience in a class of its own – gliding over the stunning mountain landscape that straddles the Italian-Swiss border, with the Matterhorn always in sight.

The Matterhorn Alpine Crossing raises cableway travel to a new level. The highest cable car crossing in the Alps connects two countries with different characteristics. Enjoy the view of unique mountain scenery around the Matterhorn and the special magic of each stop along the way.

EXPERIENCE ITALIAN FLAIR

ONE DAY IN ITALY

The Italian village of Breuil-Cervinia belongs to the municipality of Valtournenche in the autonomous region of Valle d'Aosta and is located at an altitude of 2,050 metres above sea level.

A wide variety of offers can be discovered:

- Golf fans get their money's worth at the **Cervino Golf Club**, an 18-hole course at the highest level.
- Unlimited bike trails and the **Cervino Bike-Park** await you. Bikes can be rented in Cervinia.
- **Horse riding** in the midst of unspoilt nature, with a view of the Matterhorn the whole way!

LUXURY & EXHILARATION IN ACCORD

ROOFTOP & CRYSTAL RIDE

For the journey between Zermatt and Furi, you can book the **Rooftop-Ride** on the cable car as an optional extra, an airy experience on the roof of the gondola. Between Trockener Steg, Matterhorn Glacier Paradise and Testa Grigia the special **Crystal Ride** cabins reveal their spectacular views. Three minutes into the journey, at a height of 170 metres above the ground, the previously opaque glass floor will clear in seconds to offer stunning views down onto the glacier landscape below.
